

Dear Readers,

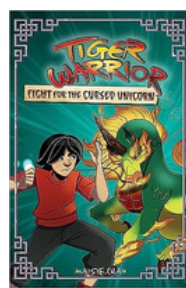

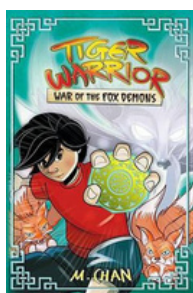

How are you doing?

I am the author of the **TIGER WARRIOR** series! It's a fun, action-filled adventure series with a gamer called Jack who finds out he is the protector of the Jade Kingdom, which is a bit like ancient China.

His friends are: a princess who can transform into a phoenix, and Chinese zodiac animals (with superpowers). He uses a magical coin to open a portal; which is pretty cool. Jack has to learn to harness the power of one of the zodiac animals in each book. I love researching new Chinese mythical beasts for each book. We've had dragons, a nine-tailed fox, the Nian beast and now we have three new books with even more interesting and terrifying beasts!

I love going to the library and choosing books new books to read. I read in bed and often have many books on the go at once! I hope you read some great books this year!

Keep reading! *Maisie*
